GWT Update

GWT's new website launched earlier this year - www.generationsworkingtogether.org

GWT now supports 29 local networks covering all of Scotland

GWT annual conference went extremely well and evaluated very positively – all powerpoints and handouts now available to download from the website. Photos now up on our Facebook page at www.facebook.com/GenerationsWorkingTogether

GWT Education working group – A short life expert working group was brought together (approx 50 members) consisting of a variety of partners (including Education Scotland) to help guide and support GWT to develop a strategic approach with the aim of raising awareness of the benefits of intergenerational work and how it fits with Curriculum for Excellence.

The group has met twice and has tasked four sub groups (strategy, education resources, mapping & marketing) with the following tasks:

- A strategic document detailing GWT's education strategy
- A resources pack for teachers and practitioners and opportunities for professional development through training.
- Map 12 – 15 case studies

GWT health briefing paper (intergenerational approaches to health & well-being) is being written in partnership with NHS Health Scotland highlighting why people with a health remit should consider creating intergenerational opportunities within health. The paper has been drafted and we hope to have a final draft including 12-15 case studies by end of August 2013. Health Scotland will assist GWT in the dissemination of the paper.

IRSS (Institute for research and innovation in social services) has agreed to programme an Insights booklet (4000 words) for Intergenerational Practice later in the year with GWT guiding IRSS on the direction of evidence.

The Scottish Co-Production network is keen to promote intergenerational work to their network members and we hope to include coproduction case studies. (Co-production recognises that people have 'assets' such as knowledge, skills, characteristics, experience, friends, family, colleagues, and communities).

Intergenerational Training – Training the Trainers

This course will be of interest to those who are keen to embed intergenerational approaches within their programme of work. Bookings and further details available online via the website.

Guidelines - Bringing together local authorities and intergenerational practice in a Scottish Policy Context – How can we encourage your local authority to adopt the Guidelines document and promote intergenerational working? GWT has sent a letter to the Chief Executive in each local authority.

Photo & video competition – online application form now available on website

Act on our issues is an activity that community groups can do to tackle barriers such as uneven pavements, public toilets closures, poor street lighting, unsafe road crossings and inaccessible shops – leaflets attached for anyone who is interested.
