

# Free Junior Climate Challenge Fund grants advice surgery in Twechar

**Monday 25 November, 5.30–7pm\***

(Twechar Healthy Living & Enterprise Centre, St Johns Way, Main Street, Twechar, G65 9TA)

**An open invitation for young people (and adults)  
to learn how the Junior Climate Challenge Fund (JCCF) could help fund and  
support them to run a project that reduces carbon emissions (tackling climate  
change) and makes community improvements.**

## WHAT TYPE OF PROJECT COULD I RUN?

**ENERGY EFFICIENCY** - You could hold an event to raise awareness of energy that is being wasted in your school, sports hall or at home. Even little things like unplugging mobile phones when they have finished charging and not leaving electrical items on standby can reduce energy use and add up to make a difference to our carbon footprint.

**RESOURCES** - Cutting down on the amount of new stuff we buy can help reduce carbon footprint. You could organise a clothing swap shop. Or maybe you have another idea to help people reuse and recycle?

**FOOD** - You could encourage people to grow their own fruit and veg in a school, community garden or at home. Or maybe you could draw up a list of local suppliers and publicise it to the local community?

**TRANSPORT** - You could run a project to encourage your classmates and community to use lower carbon forms of transport such as public transport, lift shares, walking, cycling, skating or scooting instead of driving.

**YOUR OWN IDEA** - Alternatively, maybe you have another idea to reduce carbon emissions and help tackle climate change. If so, we'd love to hear from you!

**At this JCCF workshop you'll be able to:**

- Get the lowdown on the JCCF
- Work with other attendees to develop project ideas
- Chat individually with a Development Officer about any project ideas you have
- Hear about other organisations who might be able to help and support you

The event has been organised by Keep Scotland Beautiful in partnership with East Dunbartonshire Voluntary Action and East Dunbartonshire Council.

This event is free, but **please complete the online registration** available through the events page of page of [www.climatechallengefund.org](http://www.climatechallengefund.org) or via the QR code. Alternatively, please call **01786 468 245** or email [tim.mullens@ksbscotland.org.uk](mailto:tim.mullens@ksbscotland.org.uk)

Keep Scotland Beautiful is the independent charity which is committed to making Scotland clean and green, today and tomorrow.

Keep Scotland Beautiful is a registered Scottish charity: Number SC030332.
