

# Free Climate Challenge Fund grants advice surgery in Twechar

**Monday 25 November, 2–5pm\***

(Twechar Healthy Living & Enterprise Centre, St Johns Way, Main Street, Twechar, G65 9TA)

**An open invitation for community groups to learn how grants up to £150,000 per year from the Scottish Government's Climate Challenge Fund (CCF) could help them reduce carbon footprint and improve their communities.**

**612 projects** across Scotland have received over **£52 million in CCF** funding to reduce carbon footprint and make community improvements. Funded projects have included:

**Community owned building energy efficiency improvements:**  
St. Ninians Old Parish Church Hall, Stirling received a CCF grant of £144,809 to install and promote energy efficiency measures, (insulation, windows and lighting), reducing local carbon footprint and bills, while improving facilities.

**Energy efficiency advice:**  
Maryhill Climate Challenge project, Glasgow received a CCF grant of £34,353 to deliver local energy efficiency advice bringing the community together to tackle climate change and reducing fuel poverty.

**Lower Carbon transport options:**  
A 'Better Way to Work', run by Glasgow Bike Station has received CCF funding to provide free bike checks, travel planning advice, cycle training and trial bus, rail and subway passes.

**Community growing space:**  
Shettleston Community Growing Project, Glasgow received CCF grants to reduce carbon footprint through locally grown food at a community allotment scheme.

The event has been organised by Keep Scotland Beautiful in partnership with East Dunbartonshire Voluntary Action and East Dunbartonshire Council.

**Event schedule:** (\*please check events page of [www.climatechallengefund.org](http://www.climatechallengefund.org) for any changes)
