

Public Transport Outreach Project

Shopmobility Aberdeen was granted additional funding to start this new, challenging and exciting project. Our Client Assistants will be able to meet service users in agreed places with an appropriate mobility equipment allowing them to use it when and where they need it.

Many of our clients use private cars or taxis in order to get to our Centre in Union Square. We are hoping to convince them to rely on public transport, helping them to save money and allowing to reduce CO2 emissions. In addition, we would like to promote waste reduction, recycling and efficient use of energy to generate further benefits for our clients and the environment.

We are looking for volunteers who would like to dedicate their time to this project.

If you have spare time, looking to learn new skills or would like to do something for community **join our buzzing team!**

Did you know, that thanks to Shopmobility you can save some money on your day-to-day trips? If you decide to leave your car at home and take a bus instead, you can have your mobility equipment delivered to preferred location.

How does it work?

Whenever you are booking your mobility equipment let us know that you are planning to use public transport. We will try to arrange a volunteer to meet you at your stop. You will be given your mobility equipment and you are ready to go.

It is important that you give us the time and place of your arrival.

By using our new service:

- You do not spend money on petrol or taxi
- If you have a bus pass you can travel for free
- You do not pay parking fees
- You reduce your carbon footprint
- You do not contribute to traffic in the city
- You save time and money!
