

MAKING IT MATTERS

October 16th/17th

CALLING ALL MAKERS

WE NEED DESIGNERS, THINKERS, TINKERERS,
ENGINEERS, CREATIVE MINDS & FUN FOLK

MAKLab brings you 'MAKING IT MATTERS' as part of
LUMINATE 2014

A great project collaborating with WESTHILL MEN'S SHED, this is a two day design challenge, celebrating making across the generations.

You will create a unique multisensory installation for a local community centre, combining the technology of digital fabrication and learning a variety of traditional skills.

For a chance to be part of this exciting opportunity to encourage skill sharing between new technologies, machines, traditional tools and techniques, please contact **debra@maklab.co.uk** by Friday 3rd October for more information.
