

Ensuring Intergenerational Practice

Key Questions	Comments	Actions Required
Are you and your partners clear about what IG practice is – and about the importance of ‘mutual benefit’?		
Why is this project/work using IG practice – what are the benefits and how does this fit with strategy and priorities?		
How do you plan to introduce the concepts of IG practice to your partners before commencing the project?		
How do you plan to bring your partners together in the initial stages of the work?		
What are the barriers and how will you deal with conflict or issues which arise?		
How will your participants be involved at the various stages of the work? (planning, promoting, advocating, evaluating and celebrating)		
How can you make this project sustainable? If it is not a sustainable project are participants clear that this is a time limited activity?
