# AGE FRIENDLY GLASGOW

Glasgow is now part of the World Health Organisation (WHO) Age Friendly City programme!

This global network, in 28 countries, works to improve life for older people by creating environments that promote active ageing.

We want to make Glasgow an even better place to grow old by focusing on a range of areas including transport, housing and health.

## We want your views

Tell us what's good about living in Glasgow and what more could be done to make Glasgow an Age Friendly City. This will be used to inform the Age Friendly Glasgow strategy and action plan.
