Glasgowlife

The need for digital skills has never been greater than now!

If you have a computer device with internet access and need help and support with key digital skills, we can help.

Digital skills for work, keeping in touch with family or friends, staying safe online, using online services or maybe learning something new.

What digital skills do you need help with? Give us a call!

Please note this service is specifically intended for people seeking access to digital support and / or digital learning opportunities only.

The helpline is not manned out of hours and voice messages will not be picked up, so please do call back if you do not get through.

Getting Started

Course description:

This is a free tutor-led class which runs for 4 weeks.

Topics include:

- Getting started with *Computers*
- Getting started with *the Internet*
- Getting started with *Online Safety & Shopping*
- Getting started with *Email*

From switching on a computer to using a mouse and exploring the basics of word processing, to searching the Internet and sending Emails – this is a fun and informal introduction to computers and tablets. It's all done at an easy pace – ideal for anyone with little or no computer experience and even for those who might be a little scared of computers.

The sessions are run by experienced staff who will guide you through the course in the relaxed and friendly environment of our libraries.

Entry requirements:

No previous experience is necessary

Qualifications:

Non-certificated

Attendance details:

The course start dates and times are flexible, with classes running during the day and evenings

Individual Training Account approved:

Not applicable

Intro to iPad/Tablets
