

# Complete an Intergenerational Photo Diary

## How to Get Involved:

1. Download your 'Photo-Diary Pack' from the [Downloadable Resources](#).
2. Either print these out, or fill them in online.
3. Complete one assigned challenge each week, from 27th March to 24th April, entering a photo and a reflection on your activity.
4. At the end of Week 4, send your completed diary entries to your country lead.

We want to hear about the amazing outcomes that your 'intergenerational challenges' led to. With your consent, your photo-diaries will be shared on our social media channels, and exhibited at future events!

Get involved on social media, using [#GIW23](#)

## Ideas for reflections:

- What was something surprising/interesting that you learnt from your intergenerational activity?
- Did this activity change your opinion about people from other generations?
- Did this activity increase your knowledge and confidence in interacting with someone from a different generation? Why or why not?

**Global Intergenerational Week**

**24-30 April 2023**
