introductory
modules

One day
intergenerational
training

International
Certificate in
Intergenerational
Practice (ICIP)

What is it about intergenerational learning that makes it fit so well within adult residential care?

Generations Working Together

Matching needs

Existing routines

Same skill set

Similarities

Job role

Local partners

Generations Working Together

Benefits

Older adults	Staff	Community
Feel validated and heard	Happier residents & better engagement	Transparency of care
Improved well-being & physical health	Improved working environment	Better understanding
More engaged after the activities	See the adults in a different light	Rippling effect
Feel connected to their community	More sustainable & easier to embed	Increase in volunteers
Build friendships within the care home	Add to their skills and qualifications	Better links to community partners

1. What challenges do you feel you face in developing & delivering intergenerational opportunities; how can they be overcome?
2. How can we encourage others to develop intergenerational learning opportunities within adult care?
